10,000 Resources and Growing!

Thank you for checking us out here at ESLKIDZ. We are a passionate group of kindergarten and elementary school teachers that love making new resources to use in our lessons and want to share them with others. Creating useful activities for young learners since 2008, we have been successfully providing teachers, parents, and students with valuable materials to help assist in the classroom and at home. For more information about who we are and what we provide check out some of our creations below.

Worksheets and Activity Packs

Themed activity packs and sets with anywhere from 12 to 80 pages of fun for the whole class. The activities include reading, writing, vocabulary, cutting, coloring, gluing, math, games, and customizable templates to create your own activities. These are perfect for holidays, seasons, and basic concepts such as travel and school. These also work well as supplementary material for your own lessons and homework.

Games and Fun

These games are perfect for any occasion and can be printed out and laminated for continued use with your learners. These games include learning vocabulary such as themed bingo and word / picture matching. There are also board style games that can be customized to meet your learning objectives in class. Download our free template board game [here](#).

Flashcards and Fun Money

Large and small themed flashcard sets available to use in class to help students learn and identify vocabulary as well as word and letter recognition. These are best if printed out and laminated for use over and over again. Also, we have over 50 themed sets of [fun play money](#) you can print out and use in class as part of an activity or as a reward system.
