

Draw and Write

A cute little creature that lives in North America is the groundhog. A groundhog is a small furry animal that lives in a hole underground. It can dig and climb very well and has its own special holiday on February 2nd.

The legend of the holiday says that the ground hog can predict the weather and tell if winter will last longer. If it sees its shadow, there will be more winter. If it doesn't, than spring will be soon.

Draw and color a picture of a groundhog and help celebrate the season!

GROUNDHOG

- a) How much wood would a woodchuck chuck
- b) If a woodchuck could chuck wood?
- c) A woodchuck would chuck all the wood he could
- d) If a woodchuck could chuck wood!
